Purpose of Tree Removal Application:

- Tree is dead/dying
- Other: _____

The applicant will submit the following information with this application:

- Letter and other documentation describing unique or extenuating circumstances which necessitate the removal of the protected tree(s) [*Protected Trees are trees with a 16 inch caliper at a height of 12 inches measured from the ground*].
- Photograph of the protected tree(s).
- A site plan showing the location(s) of the protected tree(s). The same site plan or an additional site plan is required showing the proposed replacement tree(s). Site plans must be included with the landscape plan when submitting for building permits. [*Replacement trees must conform to the list of trees contained in Section 1036 (A).*]

Owner Statement (if applicant is not owner):

I HEREBY CERTIFY THAT THE APPLICANT LISTED ABOVE IS AN AUTHORIZED AGENT FOR ME IN MATTERS PERTAINING TO FILING OF THIS TREE REMOVAL APPLICATION.

PROTECTED TREES (§§ 1035)

1035. Protected trees.

A. Any living tree within the City of Marble Falls with a caliper larger than sixteen (16) inches shall not be removed without permission and permit from the city planner.

B. Application for such permit should be made in writing to the City of Marble Falls Code Enforcement Department and describe the unique or extenuating circumstances which necessitate the removal of the tree.

C. Protected trees removed shall be replaced by trees from the list contained herein with a minimum caliper size of three (3) inches at the time of planting.

D. Protected trees retained on the site shall be protected by providing a pervious surface treatment under such tree of at least one hundred (100) square feet.

(Ord. No. 98-0-6B, § II, 6-23-98)

1036. Approved plants and trees.
